 - The AP flag may be raised with two hoots at any point in the sequence to introduce a delay.
 - Rapid hoots will signal an imminent action.
- **“X” Flag – Individual Recall:**
 - One hoot.
 - The start boat will shout the **number of boats over**.
 - They *may* also call sail numbers or give other identifying hints, but this is **not guaranteed**.
 - The X flag flies for **one minute only**, even if recalled boats have not yet returned.
 - You **must still return** if you were over the line.
- **General Recall:**
 - Very rare. Usually indicated by the X flag plus a call that **six (or however many) boats** were over.

Team Racing Reminders

- The object of team racing is to get **your team into a winning position**.
- If you have a dispute on the water, it is often better to **take a penalty and sail on** - your team may still win.

Start Procedures & Responsibilities

- Get to the start **on time** - it is your responsibility to monitor the schedule.
- There will be a start approximately **every 3 minutes**, so you should be able to work out when you are required.
- If a team is not present, **the start will go ahead** anyway, though we will ensure all boats have completed their previous race.
- Breakages on your own university boat are **not a valid reason** for missing a start or for a claim for redress.
- **Sunday Timing:**
 - Start times will be kept strictly. We will **not wait for late teams**.
 - If Bristol can prepare the boats on time, competitors should also arrive on time.

If you have any questions, please post them in the WhatsApp Group, where they will hopefully be answered before the event.
